Cheltenham Panthers Netball Club

Pride, Passion & Persistence

INFORMATION FOR ALL PLAYERS / PARENTS PLEASE READ AND KEEP FOR FUTURE REFERENCE

TRAINING IS COMPULSORY

Regardless of whether you have a game, a bye or your coach is unable to attend. (Players or remaining players will be incorporated into the training session with the other teams who train on that night). Coaches are to be notified of a player's non attendance by the player concerned not by their friends as there may be information to be passed on. Those players who fail to notify their coach of their non attendance may be penalized.

GAMES

All players are expected to be courtside **no later than 15 minutes prior to game or as requested by their coach** ready to play. Club uniform, no jewellery, nails cut, appropriate footwear, long hair tied back securely. This is necessary so teams can warm up together and be ready to take the court. If you are unable to play it is **your responsibility** to notify your coach as soon as possible so if needed a fill in may be organized.

FOOTWEAR

Good quality/supportive runners are essential for both games and training. Dunlop volleys/school shoes etc are definitely inappropriate and dangerous for games or training

HOT WEATHER – TRAINING

Training will be cancelled if the temperature reaches **33 or more**. This is the same rule the Association abides by on game day. However, players whose teams are in finals please contact your coach for confirmation and instructions.

WET WEATHER – TRAINING

As weather differs from suburb to suburb a decision will be made at commencement of training by the coaches **so you need to attend**. Please **do not** contact your coaches throughout the day as no decision will be made till training time. If it has been raining all day and it is obvious that it is not going to stop then you need not attend training.

HOT/WET WEATHER – GAMES

Players are required to go to courts for games regardless of weather unless coaches contact you. The Association Weather Committee makes the decision as to whether the games will be cancelled or not at game time. The Association records player attendance showing that teams have the required number of players to take the court. If your team fails to have the required number of players recorded then **your team will lose points and incur a fine**
